Requirement of petroleum products

2333. SHRIMATI MOHSINA KIDWAI: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) whether it is a fact that ONGC Videsh Ltd. (OVL) was stopped from acquiring 45 percent stake in Nigeria's OML 130 Oil Area (AKPO field) which would have given India 3.5 million tones of crude oil annually for 20 years;

(b) if so, how Government propose to ensure adequate availability of petroleum products requirements of India in the coming ten years, especially when number of vehicles per year per family are increasing; and

(c) what is the present ration of indigenously produced petroleum and the imported crude-based refined petroleum products?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DINSHA J. PATEL): (a) Government did not accord approval to OVL for their proposal to acquire 45% non-operated interest as contractor to the Nigerian National Petroleum Company (NNPC) under a Production Sharing Contract (PSC) of Block OML-130 Nigeria.

(b) In so far as domestic availability of petroleum products is concerned, the country has become a net exporter in recent times.

With the commissioning of various expansion projects of the refineries in the recent past and proposal for construction of various grassroots refineries envisaged in the 11th Five Year Plan, it is expected that the country will continue to remain a net exporter of petroleum products after meeting the country's requirements in the near future.

(c) The ratio of imported and indigenous crude oil processed during 2004-05 was 76:24.

ONGC's power plants

2334. SHRIMATIVANGA GEETHA: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) the details of power plants of ONGC especially in Andhra Pradesh;

(b) the profit earned by each plant during last two years;

(c) whether there were any blow ups in any plant; and

(d) if so, the details thereof and the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DINSHA J. PATEL): (a) Other than captive power plants for consumption by operational units, Oil and Natural Gas Corporation Limited (ONGC) does not have power plants in Andhra Pradesh or anywhere else in the country.

(b) to (d) Do not arise in view of (a) above.

Shortage of kerosene

2335. SHRI KRIPAL PARMAR:
SHRI BALVANT ALIAS BAL APTE:

Will the Minister of PETROLEUM AND NATURALGAS be pleased to state:

(a) whether there is an acute shortage of kerosene oil in the country;

(b) if so, the reasons therefor; and

(c) the steps taken to improve the supply of kerosene in the country?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DINSHA J. PATEL): (a) to (c) PDS kerosene is an allocated product and has been allocated to the States/UTs on a historical basis. In accordance with the policy adopted by the Government of India in 2000, Kerosene (SKO) allocation for distribution under the Public Distribution System (PDS) was reduced every year beginning 2001-02 till 2003-04, taking into account the number of LPG connections released in each State/Union Territory. While the initial allotment for 2004-05 was based on the criteria adopted hitherto, additional allocations were made during the year to meet urgent emergent demand. For the year 2005-06, allocations have been maintained at the level of 2004-05, including additional allocations made during that year.

Effective 2nd October, 2005, Government launched the Jan Kerosene Pariyojana as a pilot project in 413 blocks covering 23 States and one Union Territory for a period of six months with a view to strengthening and streamlining the infrastructure for kerosene distribution and involving the Gram Sabha and Gram Panchayats and State Panchayati Raj Institutions in the supervision of PDS kerosene distribution, so as to ensure that entitled beneficiaries actually receive their entitlement and diversion to adulteration and black-marketing is capped, reversed and eventually eliminated.
